

The Caleb Turk missionary family to **INDONESIA**

Church Planting, Soul Winning, Bible Translating

Deputation Update:

Two new confirmed supporters, and seven promised! Thank you!

Since June, we've traveled **over nine thousand** miles! We've worked very hard to obtain appointments and minister to churches, and there have been a few times of worry, but God worked it all together for good. God has faithfully supplied all our need, in His time, and has taught us to not only depend on Him, but to pursue His presence in all that we do and ask for! (More on that in the email—not enough room on this page). By God's grace, we have had appointments every church day except for one Wednesday this whole time. Thank you for praying!

The most enjoyable thing on deputation has been getting to visit, minister to, and fellowship with many wonderful churches that are serving the Lord and growing! **God is still alive and well!** We also have been able to enjoy some recreational time: we drove a scenic route through part of Tennessee, we ventured into colonial Williamsburg, and (thanks to a very gracious assistant pastor of a church) twice got to go to Washington DC. Fun stuff!

Evangelism Highlights:

We personally gave the gospel to 51 individuals in August; eleven people made a profession of faith in Jesus Christ as their personal Savior! God's Word does not return unto Him void!

Probably our most exciting soul winning adventure this month was when we were on the way out of Williamsburg. We arrived at the dock just after the Jamestown-Scotland ferry had left. The next ferry-ride across the James River would be 40 minutes later. Cars were lining up behind us—stuck waiting for the same ferry we were waiting for. So I told the 6 oldest children that they had a captive audience and to go have some fun! They got out and were able to witness to 9 people: some people were not too happy about it, but one young man was interested and ready; he listened intently as Faith gave him the gospel, and then he happily called upon the name of the Lord to be saved! AMEN!

PRAYER REQUESTS

God's Presence

Please continue praying for good appointments and for a pull-behind RV (if the Lord will), but more than anything else, please pray for God's presence! Pray that God would help us with the wisdom to not only follow Him, but to follow Him very closely so we are able to watch Him as He miraculously prepares the way before us. We desire His presence, and to please Him!

My Dad's Hearing

Please pray for my father, Dr. Louis A. Turk! He has extreme hearing loss in both ears. Thankfully, his hearing can be revived! We just need to get through to President Trump's administration to remedy an error another made. My family and I are currently not too far from Washington DC. We have an appointment to tour the Whitehouse and the US Capitol on November 12. Please pray God will give us favor in their eyes, and that I can get my dad's article into the right hands.
